## Free Bilingual Picture Books

We want children to find picture books in their own language.

That's why [bilingual-picturebooks.org](http://bilingual-picturebooks.org) offers free picture books to download. You can print them or read them digitally. Using the website and the books is completely free. The picture books are available in many languages.

Children and families can choose in which two languages they want to read the books.

We also want children to find their voice and be heard.

That is why children's groups and youth groups from all over the world write and illustrate the picture books on our website themselves.

Volunteers translate the stories into as many languages as possible.

We are always happy to welcome new volunteers and new languages.

You can find the free bilingual picture books at [bilingual-picturebooks.org](http://bilingual-picturebooks.org)...

...or right here!

### Who are we?

We are Bücherpiraten (book pirates) and inspire children with stories. Our not-for-profit organization is at home in the Children's Literature House in the old town of Lübeck, Germany. You can find more information about us (in German) at [buecherpiraten.de](http://buecherpiraten.de).
